Good morning -

Sorry, I should have clarified that I was asking about the Team meeting separately from NRDC and Newark. I was referring to the Lead Team or Lead Workgroup NJDEP was going to organize to address issues EPA identified when we conducted our audit of LCR implementation in 2016. Doug - please correct me if I'm wrong.

Thanks!

Christine,

I'm not sure what you are referring to when you say Lead Team meeting? The call that you missed was specifically about NRDC and Newark.

I've copied Diane and Natalie to work on getting dates for the next quarterly meeting.

Thanks  
Pat

Hi Pat,

I hope you're doing well and enjoying the beautiful spring weather today.

I'm reaching out about a few items - first, I emailed about EPA conducting our annual and file reviews some weeks ago. We'd like to schedule a short kick-off call in the near future to discuss details and logistics, and would like to conduct our reviews in the next few months. I'll be in touch on this again soon. Second, has NJDEP scheduled or recently held a Lead Team meeting? Please let us know when the next meeting will be, as we would like to attend if possible. We are also available to assist with organizing a Lead Team meeting if that would be helpful. Finally, we are (over)due for our quarterly NJDEP/EPA Region 2 meeting. If you have some dates that work for you, please let me know, otherwise I'll send some suggestions. I think we'll be able to travel to Trenton so we can meet in person.

Thank you and talk to you soon.

Cheers,

**Christine Ash**
